***LABOUR BUREAU
MINISTRY OF LABOUR & EMPLOYMENT
GOVERNMENT OF INDIA
CHANDIGARH/SHIMLA***

PREFACE

Labour is included in the concurrent list of the Constitution and both the Union and the State Governments are empowered to legislate on it. There are Central and State Legislations on many aspects of labour such as employment, wages, working condition, industrial relations, social security, labour welfare and so on.

Rapid industrial development and changed economic scenario have necessitated availability of reliable database for formulation of progressive labour policies to improve working conditions of labour, ensure adequate safety measures and to promote health and welfare of the workers employed in factories and evaluated their implementation. The present report contains comprehensive statistical information on the working of the Registered Factories in India based on the Annual Returns/Reports received from the responding States/Union Territories pertaining to the year, 2008.

The Rules framed under the Factories Act, 1948 impose obligations on the employers of the registered factories to submit annual returns in the prescribed format to the Chief Inspectors of Factories/Labour Commissioners of their respective States/Union Territories. These State/U.T. authorities in turn furnish consolidated data in respect of the entire State/Union Territory in the prescribed proforma, to the Labour Bureau along with a detailed annual report on the working of the Factories Act, 1948. The Labour Bureau compiles and disseminates these Statistics at All India level. It may be mentioned here that the statistics of employment in respect of factories, not submitting returns to the concerned state authorities, are estimates prepared by these authorities.

I am thankful to the responding State Governments/Union Territories without whose support it would not have been possible to bring out this Report. I also place on record my appreciation of the work done by the team of officers and staff members of the Labour Bureau.

The views expressed, if any, are not necessarily those of the Government of India, Ministry of Labour & Employment. Suggestions for further improvement of this publication are welcome.

B. N. NANDA
DIRECTOR GENERAL

Labour Bureau.
Chandigarh / Shimla.

5.2	Industrial Accidents in Factories Submitting Returns by Age and Sex during 2008 by States/Union Territories	102-103
5.3	Industrial Accidents in Factories Submitting Returns by Age and Sex during 2008 by Industries	104-105
5.4	Industrial Accidents in Factories Submitting Returns by Causes during 2008 by States/Union Territories	106-113
5.5	Industrial Accidents in Factories Submitting Returns by Causes during 2008 by Industries	114-121
5.6	Average Number of Mandays Lost due to Non-Fatal Accidents in which Workers Returned to Work during 2008 by States/Union Territories and Industries	122-123
8.1	Number of Safety Officers, Ambulance Rooms, Canteens, Shelters, Rest Rooms, Creches and Welfare Officers during 2008 by States/Union Territories	124-126
8.2	Number of Safety Officers, Ambulances, Rooms, Canteens, Shelters, Rest Rooms, Creches and Welfare Officers during 2008 by Industries	127-129
9.1	Number of Factories inspected during 2008 by States/Union Territories	130
9.2	Inspectorate Staff Strength during 2008 by States/Union Territories	131
9.3	Number of Convictions obtained during 2008 by States/Union Territories	132

Summary of the Report

The Factories Act, 1948 is a labour welfare legislation which was enacted with the prime objective of protecting workmen employed in factories against industrial and occupational hazards. It imposes upon the owners and occupiers obligations to protect the workers. The present review presents detailed report on implementation of Factories Act, 1948 during the year 2008. The main highlights of the report are as follows: -

Growth of Factories

- There was an increase of 3.25 per cent in the number of total registered factories i.e. from 1,44,801 in the beginning of the year to 1,49,506 at the end of the year 2008 (Table 1.1).
- Of the total registered factories, the percentage of working factories was 92.18 per cent (Table 1.1).
- The number of factories submitting returns was 31,098 i.e. 22.57 per cent of the total registered working factories (Table 1.1).

Average Daily Employment in Factories and its Distribution

- The major proportion of working factories i.e. 57.20 per cent as well as employment i.e. 66.79 per cent was reported under section 2m(i) of the Factories Act, 1948 (Table 2.4).
- Share of working factories under Public Sector was 3.17 per cent Whereas in Private sector it was 96.83 per cent (Table 2.5).
- Adult men constituted 91.58 per cent of the total average daily employment in the working factories whereas adult women, adolescents and children (both male & female) were 8.40 per cent, 0.01 per cent and 0.01 per cent respectively (Table 2.12).
- About 17.60 per cent of the total average number of workers employed daily in the working factories were employed in the factories carrying on dangerous operations (Table 1.3 & 1.4).
- About 76.61 per cent of the working factories were employing less than 50 workers (Table 2.7 & Table 2.8).
- About 74.83 per cent of the total number of factories submitting returns worked for more than 240 days (Table 2.9 & 2.10).

Hours of Work

- Normal weekly hours of work for most of the adult men (71.79 per cent) and women (40.64 per cent) was in the range of 45 – 48 hours (Table 3.1 & 3.2).
- About 23.12 per cent of adult men and 39.24 per cent adult women were putting in above 48 hours of work per day (Table -3.1 & Table 3.2).

Leave and Holidays

- Out of total number of persons who were entitled to annual leave with wages, about 86.16 per cent were granted leave (Table-4.1).

Industrial Injuries

- Total Injuries (fatal and non-fatal) have declined by 39.06 per cent i.e. from 15290 in 2007 to 5972 in 2008 (Table-5.1).
- Frequency rate of injuries per one lakh mandays worked declined from 1.73 during 2007 to 0.89 during 2008 (Table-5.1).
- Incidence rate per thousand average daily employment has decreased from 1.91 in 2007 to 0.80 in 2008 (Table 5.1).
- About 82.88 per cent of men and about 2.76 per cent of women suffered from injuries (fatal and non-fatal) (Table 5.2 & 5.3).
- Severity rate of mandays lost due to injuries per one lakh mandays worked has decreased from 27.37 in 2007 to 23.81 in 2008 (Table 5.6).

Inspections

- Out of total factories inspected, 87.50 per cent factories were inspected only once and rest were inspected twice or more (Table 9.1).

Convictions

- Out of the total 9715 Convictions, 7929 Convictions i.e. 81.62 per cent pertained to the offences relating to Employment & Hours of Work (Table 9.3).

CHAPTER – 1

SALIENT FEATURES OF THE FACTORIES ACT, 1948

Labour being in the concurrent list of the Indian Constitution, data on various aspects of labour is collected both by Central and State Governments. Most of the data are by product of the administration of various labour laws. The Factories Act, 1948 is one such Act, which came into force on 1.4.1949 and is applicable to the whole of India including Jammu and Kashmir.

1. OBJECTIVE

The main objective of the Act is to ensure adequate safety measures and to promote health and welfare of the workers employed in factories to protect the workers against industrial occupational hazards as well as to prevent the workers from being subject to unduly long hours of bodily strain and manual labour. The Act is meant to provide protection to the workers from being exploited and also provides for improvement of the working conditions within the factory premises.

2. COVERAGE

The coverage of the Act is confined to :-

- (a) factories using power and employing 10 or more workers on any working day of the preceding twelve months;
- (b) factories not using power and employing 20 or more workers on any working day of the preceding twelve months; and
- (c) factories specially notified under Section 85 of the Act by the Governments of State/Union Territories.

3. IMPORTANT CONCEPTS AND DEFINITIONS

(a) Factory means any premises including the precincts thereof:-

i) wherein ten or more workers are working or were working on any day of the preceding twelve months and in any part of which a manufacturing process is being carried on with the aid of power, or is ordinarily so carried on or

ii) wherein twenty or more workers are working or were working on any day of the preceding twelve months and in any part of which a manufacturing process is being carried on without the aid of power or is ordinarily so carried on.

(b) Worker means a person employed directly or by or through any agency (including a contractor) with or without the knowledge of the principal employer, whether for remuneration or not in any manufacturing process or in cleaning any part of the machinery or premises used for a manufacturing process or in any kind of work incidental to or connected with the manufacturing process or the subject of manufacturing process [but does not include any member of the armed forces of the Union].

(c) Manufacturing Process means any process for: -

i) Making, altering, repairing, ornamenting, finishing, packing, oiling, washing, cleaning, breaking up, demolishing or otherwise treating or adapting any article or substance with a view to its use, sale, transport, delivery or disposal or

ii) Pumping oil, water, sewage or any other substance or

iii) Generating, transforming or transmitting power or

iv) Composing types for printing, printing by letter press, lithography, photogravure or other similar process or book binding,

v) Constructing, reconstructing, repairing, refitting, finishing or breaking up ships or vessels,

vi) Preserving or storing any article in cold storage.

(d) Hazardous Process means any process or activity in relation to an industry specified in the First Schedule where, unless special care is taken, raw materials used therein or the intermediate or finished products, by-products, wastes or effluents thereof would:

(i) cause material impairment of the health of the persons engaged in or connected therewith, or,

(ii) result in the pollution of the general environment,

Provided that the State Government may, by notification in the Official Gazette, amend the First Schedule by way of addition, omission or variation of any industry specified in the said Schedule.

(e) Fatal Injury means injury resulting from industrial accident which caused death of the worker.

(f) Non-Fatal Injury means injury resulting from an industrial accident, which prevented injured worker from attending to the work for a period of 48 hours or more immediately following the injury.

(g) Adult means a person who has completed his eighteenth year of age.

(h) Adolescent means a person who has completed his fifteenth year of age but has not completed his eighteenth year.

(i) Child means a person who has not completed his fifteenth year of age.

(j) Average Number of Workers Employed Daily are calculated by dividing the aggregate number of attendance on all the working days

(that is, mandays worked) by the number of working days in the year. Attendance on separate shifts (e.g. night and day shifts) should be counted separately. Days on which the factory was closed for whatever cause and days on which the manufacturing process was not carried on should not be treated as working days. Partial attendance for less than half a shift on a working day should be ignored, while attendance for half a shift or more on such day should be treated as full attendance.

(k) Mandays Worked means total number of attendance on working days during a calendar year.

(l) Average Number of Hours Worked per week means the total actual hours worked by all workers during the year excluding the rest intervals but including overtime worked divided by the product of average number of workers employed daily in the factory and 52 weeks. In case the factory has not worked for the whole year, the number of weeks during which the factory worked would be used in place of 52.

CHAPTER – 2

DISTRIBUTION OF FACTORIES

2.1 This chapter provides data relating to the total number of factories on register at the beginning of the year, the number of factories registered and de-registered during the year, number of working factories with estimated average daily employment, number of working factories submitting returns by size of employment, number of days worked and their distribution by public and private sectors.

2.2 The details of registered factories by States/Union Territories for the year 2008 have been presented in Table 1.1. This table shows that the total number of factories on register rose by 3.25 per cent from 144801 in the beginning of the year 2008 to 149506 at the end of the year 2008. While 6604 new factories were registered during the year 2008, the number of factories de-registered from the register during the same period was 1899. Of the total number of factories on register at the end of the year 2008, 92.18 per cent factories were reported as working.

2.3 Number of the working factories and estimated average daily employment by States and Industries for the year 2008 has been presented in Table 1.2. During 2008, the industry group 'Manufacture of Food Products and Beverages' (Industry Code 15) accounted for 23.08 per cent of the total number of working factories, followed by the 'Manufacture of Other Non-metallic Mineral Products (Industry Code 26) which accounted for 11.67 per cent. The highest estimated average daily employment was reported for industry group 'Manufacture of Food Products (Industry Code -15) which was 13.94 per cent of the total estimated average employment, followed by the 'Manufacture of Textiles (Industry Code 17) which accounted for 12.42 per cent.

2.4 The number of factories carrying on operations declared dangerous under Section 87 of the Factories Act, 1948 by States and by Industries have been shown in Tables 1.3 and 1.4 respectively. The proportion of average daily number of workers employed in dangerous operations to total average daily number of workers employed in working factories worked out to be 17.60 per cent in the year 2008. As revealed from Table 1.3, the maximum number of working factories carrying on dangerous operations was reported by Andhra Pradesh followed by Uttarakhand.

2.5 The employers of registered factories are required to submit annual returns in the prescribed form under the Factories Act, 1948 to the Chief Inspector of Factories of their respective States/Union Territories, who, in turn furnish the consolidated data in respect of the entire State/Union Territory in the prescribed proforma to the Labour Bureau. Some of the factories, however, do not submit their returns. Thus the factories are divided into two categories i.e. (i) those submitting returns and (ii) others not-submitting returns. The data on working

factories submitting returns are given in Table 1.1. It shows that 22.57 per cent of the total working factories submitted the annual returns in prescribed format under the Factories Act, 1948 for the year 2008. The response rate was highest in Jharkhand at 89.73 per cent followed by Orissa at 70.83 per cent and Goa at 59.28 per cent. The lowest response rate was in Bihar, reported at 1.72 per cent, followed by Punjab at 7.20 per cent and Madhya Pradesh at 9.09 per cent. The break-up of working factories into those submitting and not- submitting returns by states and industries are given in Table 2.1 and Table 2.2. When analyzed by industries, 'Manufacture of Food Products and Beverages' industry (Industry Code 15) ranked first with 21.85 per cent of the total factories submitting returns, followed by 'Manufacture of Other Non-metallic Mineral Products' (Industry Code 26) at 11.79 per cent.

2.6 Distribution of working factories submitting returns by size of employment during the years 2001 to 2008 has been given in Table 2(i) below. It shows that the percentage of factories (submitting returns) was 77 per cent, for factories employing less than 50 workers during the year 2008.

**Table –2(i) Distribution of Factories (Submitting Returns)
By Size of Employment**

Year	Total No. of Working factories Submitting returns	Percentage of Factories (submitting returns)		
		Employing less than 50 workers	Employing 50 or more but less than 500 workers	Employing 500 or more workers
1	2	3	4	5
2001	60559	80	18	2
2002	57021	78	20	2
2003	35729	80	18	2
2004	59908	78	20	2
2005	67324	78	20	2
2006	73876	78	19	3
2007	41402*	79	18	2
2008	27954*	77	22	1

* excludes figures of Punjab and Uttar Pradesh for which separate figures according to working strength is not available.

2.7 The distribution of working factories (submitting returns) according to number of days actually worked during the years 2001 to 2008 is presented in Table 2(ii). It shows that maximum of the total factories (submitting returns) i.e. 74.83 per cent worked for more than 240 days during the year 2008. During the previous years also the trend is similar.

Table – 2(ii) Distribution Of Working Factories Submitting Returns According To Number Of Days Worked

Year	Factories working for 240 days or less in the year		Factories working for more than 240 days in the year		All working factories
	Number	Percentage	Number	Percentage	
1	2	3	4	5	6
2001	14872	24.56	45687	75.44	60559
2002	13389	23.48	43632	76.52	57021
2003	7569	21.18	28160	78.82	35729
2004	13604	22.71	46304	77.29	59908
2005	15606	23.18	51720	76.82	67324
2006	17463	23.64	56413	76.36	73876
2007	7740*	18.69	33662*	81.31	41402*
2008	7350*	25.17	21849*	74.83	29199*

* excludes figures of Punjab and Uttar Pradesh in the year 2007 and Uttar Pradesh in the year 2008 for which separate figures according to number of days worked is not available.

2.8 Distribution of working factories by Sector during the year 2008 has been presented in Table -2(iii).

Table – 2(iii) Distribution Of Working Factories By Sector During 2008

Sector	Number of working factories	Percentage to total
Public	4372	3.17
Private	133436	96.83
Total	137808	100.00

CHAPTER-3

AVERAGE DAILY EMPLOYMENT

3.1 The statistics collected under the Factories Act, 1948 relate to workers as defined under the Act, i.e. persons employed directly or through any agency, whether for wages or not in any manufacturing process or in cleaning any part of machinery or premises used for manufacturing process or any other kind of work incidental to or connected with manufacturing process. The definition covers not only workers but also those supervisory and clerical personnel who are connected with manufacturing processes. Further, the coverage is limited to factories as defined in the Factories Act, 1948, viz., a) factories using power and employing 10 or more workers on any working day (Section 2m (i)), b) factories not using power and employing 20 or more workers on any working day (Section 2m (ii)) and c) factories specially notified under Section 85 of the Factories Act by the State Government.

3.2 The employment data which represent average daily employment are furnished by each factory by dividing total attendance (man days worked) in a year by the total number of working days during the year. The estimated employment for factories not submitting returns is obtained by the State authorities on the basis of following in order of their preference:-

- i) recent factory inspection reports
- ii) last year's employment data
- iii) employment figures reported in the application for registration or grant or renewal of license.

3.3 The average daily employment for an industry group or a State is obtained by summing up the reported and estimated figures of average daily employment for all factories belonging to an industry or a State.

3.4 Table 2.1 depicts estimated average daily employment in all the working factories by States/U.T.s in the responding states during 2008. The total estimated average daily employment was 7 million in the year 2008. The estimated average daily employment in the factories submitting returns accounted for 31.65 per cent of the total estimated average daily employment in the total working factories. The average daily employment per working factory worked out to be 53.85 at all India level. It was highest in Karnataka (96.63) and lowest in Bihar (17.14).

3.5 Estimated average daily employment by Industry Groups at two digit level and by States/Industry Groups at three-digit level of National Industrial Classification, 2004 has been presented in Tables 2.2 and 2.3 respectively. These tables reveal that Andhra Pradesh, Haryana, Jharkhand, Karnataka, Madhya Pradesh, Punjab, Rajasthan, Uttar Pradesh and West Bengal together accounted for 89.23 per cent of the total working factories and the bulk of employment i.e., 91.80 per cent of the total employment. Amongst the industry groups, the average daily employment per working factory was the highest i.e. 1005.00 in the Other Business Activities. (Industry Code 74) and the lowest i.e. 9.00 was in Education (Industry Code 80).

3.6 State-wise number of working factories and estimated average daily employment covered under Section 2m (i), 2m (ii) and notified under Section 85 of the Factories Act, 1948 have been shown in table 2.4. It may be seen from this Table that a major proportion of working factories i.e. 57.20 per cent as well as employment i.e. 66.79 per cent was reported under Section 2m (i) of the Factories Act, 1948. Further, under this Section i.e. 2m(i) the share of eleven states viz., Andhra Pradesh, Assam, Bihar, Haryana, Jharkhand, Madhya Pradesh, Orissa, Punjab, Rajasthan, Uttarakhand and West Bengal together constituted about 98.42 per cent of the total working factories whereas in case of estimated average daily employment, these States together accounted for 98.24 per cent.

3.7 The number of working factories and estimated average daily employment by States and Industries in Public and Private Sector have been presented in Tables 2.5 and 2.6. It may be seen from these tables that factories in the Public Sector accounted for 3.17 per cent of total working factories and 11.99 per cent of the total estimated average daily employment. The Private Sector accounted for the remaining 96.83 per cent of total working factories and 88.01 per cent of the total estimated employment. Average daily employment in Public Sector was the highest i.e. 13.00 per cent in the Manufacture of Basic Metals (Industry Code 27). In the case of Private Sector, highest average daily employment i.e. 14.46 per cent was reported in 'Manufacture of Food Products and Beverages' (Industry Code-15).

3.8 The distribution of working factories submitting returns according to average daily number of workers employed therein as classified by States/Union Territories and by Major Industry Groups is given in Tables 2.7 and 2.8.

3.9 The number of factories submitting returns and average daily number of workers employed therein in the various employment size-groups are presented in the Table 3.(i) as under.

Table -3(i)

Number of Working Factories Submitting Returns And Average Daily Employment Therein By Employment Size- Group For The Year 2008

Employment Size	No. of Factories	Employment
5000 & above	35	146399
1000 to 4999	231	448567
500 to 999	372	257045
100 to 499	2739	558461
50 to 99	3160	207186
20 to 49	5761	183666
10 to 19	7328	2288129
9 and below	8328	45682
Total *	27954	2075135

* excludes figures of Punjab and Uttar Pradesh for which separate figures according to employment size are not available.

3.10 Table-3(ii) presents the details of industry groups in which the large-size units employing 1,000 and more workers were reported.

Table – 3(ii)

Total Number Of Units Employing 1000 Or More Workers And Percentage Of Employment In Such Units To The Total Employment In Each Selected Industry Group For The Year 2008

Industry Code (NIC-2004)	Industry group	No. of units employing 1000 or more workers	Persons employed in the units in Co.(3) and its percentage to total employment in each selected industry
1	2	3	4
15	Manufacture of Food Products and Beverages	9	35396 (14.08)
16	Manufacture of Tobacco Products	2	3095 (10.74)
17	Manufacture of Textiles	29	40203 (23.70)
18	Manufacture of Wearing Apparel; Dressing and Dyeing of Fur	34	60609 (38.81)
20	Manufacture of Wood and Products of Wood and Cork, except Furniture, Manufacture of Articles of Straw and Plating Materials	1	1400 (7.61)
21	Manufacture of Paper and Paper Products.	12	25982 (58.02)
22	Publishing, Printing and Reproduction of Recorded Media	3	5036 (17.29)
23	Manufacture of Coke, Refined Petroleum Products and Nuclear Fuel.	7	15813 (27.57)
24	Manufacture of Chemical and Chemical Products	15	23472 (16.41)
25	Manufacture of Rubber and Plastic Products	9	22310 (31.54)
26	Manufacture of Other Non-metallic Mineral Products.	13	19510 (11.95)
27	Manufacture of Basic Metals	25	123493 (50.19)
28	Manufacture of Fabricated Metal Products except Machinery and Equipment	10	38733 (26.41)
29	Manufacture of Machinery and Equipment N EC.*	19	62167(43.97)
31	Manufacture of Electrical Machinery and Apparatus	3	11924 (20.97)

32	Manufacture of Radio, Television and Communication Equipment and Apparatus.	4	2608 (11.45)
33	Manufacture of Medical, Precision and Optical Instruments, Watches & Clocks	1	2841 (15.60)
34	Manufacture of Motor Vehicles, Trailers and Semi-Trailers	4	20559(30.83)
35	Manufacture of other Transport Equipment	17	44380(68.16)
36	Manufacture of Furniture; Manufacturing NEC*	4	7736 (37.27)
40	Electricity, Gas, Steam and Hot Water Supply	9	14254 (32.76)
50	Sale, Maintenance and Repair of Motor Vehicles and Motorcycles; Retail Sale of Automotive Fuel	1	1223 (3.71)
51	Wholesale Trade and Commission Trade, except of Motor Vehicles and Motorcycles	-	-
52	Retail Trade, Except of Motor Vehicles and Motorcycles, Repair of Personal and Household Goods	1	1468 (26.51)
63	Supporting and Auxiliary Transport Activities, Activities of Travel Agencies	-	-

N.B. Figures in brackets indicate percentage to the total employment in the industry shown in Col. (2).

*NEC. = Not Elsewhere Classified

3.11 The distribution of working factories submitting returns classified according to number of days worked and average daily employment therein by States and Major Industry Groups is given in Tables 2.9 and 2.10. The number of working factories submitting returns as classified in various groups of working days and employment therein is given in the Table -3(iii) below.

Table – 3(iii)

Number Of Working Factories (Submitting Returns) And Employment Therein Classified According To The Number Of Days Actually Worked During The Year 2008

No. of working days	Number of Factories	Average Daily Employment
1	2	3
More than 300 days	12073	1276770
More than 240 days and up to 300 days	9776	723572
More than 180 days and up to 240 days	3187	84473

More than 120 days and up to 180 days	2260	52074
More than 60 days and up to 120 days	1544	32323
up to 60 days	359	5738
Total *	29199	2174950

* Excludes figures of Uttar Pradesh for which separate figures according to number of days worked are not available.

Data presented in the above Table reveal that 74.83 per cent of the total number of working factories submitting returns worked for more than 240 days during the year 2008. Only a very small fraction of such factories i.e. 1.22 per cent worked for upto 60 days during the year 2008.

3.12 The number of mandays worked in working factories submitting returns by Industry groups and by States has been presented in Table 2.11. Taking all States combined together, the industry group 'Manufacture of Basic Metals (Industry Code 27) accounted for maximum number of mandays worked i.e. 17.88 per cent.

3.13 Under the Factories Act, 1948, adult, adolescent and child have been clearly defined. The State-wise and Industry-wise Average Daily Employment by age-categories and sex have been presented in Tables 2.12 & 2.13 respectively. It may be seen that adult men, adult women, adolescent (male & female) and children (boys & girls) constituted 91.58 per cent, 8.40 per cent, 0.01 per cent and 0.01 of the total average daily employment respectively. Among the States, Andhra Pradesh reported the highest number of workers i.e. 17.92 per cent of total average daily employment. Among the women workers, Karnataka reported the highest number of women workers i.e. 37.78 per cent of total women workers in the year 2008. Amongst industry groups, the maximum number of women workers i.e 32.53 per cent were employed in the industry group 'Manufacture of Wearing Apparel, Dressing & Dyeing of Fur (Industry Code-18).

CHAPTER-4

HOURS OF WORK

4.1 Section 51 of the Factories Act, 1948 prescribes that no adult worker shall be required or allowed to work in a factory for more than forty-eight hours in any week. Further, Section 54 stipulates that subject to the provision of Section 51, no adult worker shall be required or allowed to work in a factory for more than nine hours in any day. However, there is a provision to this section which states that subject to the prior approval of the Chief Inspector of Factories, the maximum daily hours specified in Section 54 may be exceeded in order to facilitate the change of shifts.

4.2 Section 52 of the Act states that no adult worker shall be required or allowed to work in a factory on the first day of the week i.e. weekly holiday. Section 53 of the Act, further, states that if the worker is deprived of any of the weekly holidays for which provision is made in Section 52, he shall be allowed, within the month in which the holidays were due to him or within the two months immediately following that month, compensatory holidays of equal number to the holidays so lost. Section 55 of the Act lays down that the periods of work of adult workers in a factory each day shall be so fixed that no worker shall work for more than 5 hours before he has had an interval for rest of at least half an hour. The Chief Inspector of Factories can exempt any factory from this provision so that the total number of hours worked by a worker without an interval does not exceed six hours.

4.3 Section 56 of the Act stipulates that the period of work of an adult worker in a factory shall be so arranged that, inclusive of his intervals for rest under Section 55, it shall not spread over more than ten and half hours on any day. The Chief Inspector of Factories, may however, increase the spread over upto twelve hours on specific grounds.

4.4 The reports received from various States/Union Territories on the working of the Factories Act, 1948 highlight satisfactory compliance with the provisions relating to hours of work.

4.5 Details pertaining to specified normal weekly hours each for adult men and adult women workers by States and Industries have been given in Tables 3.1 to 3.4. Normal weekly hours for most of the adult men and women were in the range of 45-48 hours in the factories submitting returns. The following Table presents the percentage distribution of adult workers by normal weekly hours of work.

Table –4(i)

Percentage Distribution Of Adult Workers In Factories Submitting Returns By Normal Weekly Hours Of Work During The Year 2008

Category of Workers	Normal Hours of Work per Week			
	Upto 42 hours	Above 42 and upto 45 hours	Above 45 and upto 48 hours	Above 48 hours
1	2	3	4	5
Men	3.38	1.71	71.79	23.12
Women	18.53	1.59	40.64	39.24

CHAPTER-5

LEAVE AND HOLIDAYS

Section 79 of the Factories Act provides that every worker who has worked for a period of at least 240 days or more in a factory during the calendar year shall be allowed during the subsequent calendar year, leave with wages at the rate of (a) one day for every twenty days worked in the case of adults, and (b) one day for every fifteen days worked in the case of children. The leave admissible is exclusive of holidays that occur during or at either end of the leave period. Provision is also made for proportionate leave with wages for a worker who is discharged or dismissed before he has completed 240 days service. The days of lay off, by agreement or contract or as permissible under the standing orders, maternity leave in case of female workers not exceeding twelve weeks and the leave earned in the year prior to that in which leave is enjoyed shall be deemed to be the days worked in a factory for the purpose of computation of the period of 240 days or more but shall not earn leave for these days. While calculating leave, fraction of leave of half a day or more shall be treated as one full day's leave and fraction of less than half a day shall be omitted. If a worker does not take whole of leave entitled to him in any one calendar year, such leave is allowed be added to the leave to be allowed in the succeeding calendar year. The total number of days of leave that may be carried forward to the succeeding year shall not exceed thirty in case of an adult and forty in case of a child.

5.1 Sections 79 and 53 of the Factories Act, 1948 deal with the grant of annual leave with wages and compensatory holidays respectively. Rules framed by the State Governments and Union Territories require factories to furnish information relating to number of persons employed, number of persons eligible for leave and number of persons actually granted leave during the year. It has been observed from the consolidated returns received from various States/Union Territories that 86.16 per cent of the total number of persons, who were entitled to annual leave with wages were granted leave during the year, 2008. The provisions relating to leave and compensatory holidays were reported to be generally well observed in various States/Union Territories. The statistics relating to annual leave with wages during the year 2008 is given in Table 4.1.

CHAPTER-6

INDUSTRIAL INJURIES

6.1 This chapter provides the statistics of fatal injuries and non-fatal injuries resulting from industrial accidents by reasons due to which the persons injured are prevented from attending to work for a period of forty-eight hours or more immediately following the accidents. The coverage remains limited and varies from year to year because many factories fail to submit the returns. The numbers of injuries are based on the notices of accidents to the notified authorities in a prescribed manner.

6.2 The important statistical measures for injuries are (i) Frequency Rate, (ii) the Severity Rate and (iii) Incidence Rate. The Frequency Rate is calculated by dividing the total number of injuries by corresponding number of mandays worked in lakhs. The Severity Rate, which takes into account the duration of disability as well, is calculated by dividing the number of mandays lost due to injuries by the number of mandays worked in lakhs. This rate is calculated only in respect of those non-fatal injuries in which workers returned to work during the same year. The incidence rate is calculated by dividing the number of injuries by average daily employment per thousand. The statistics are based on injuries reported in the annual returns.

6.3 The number and frequency rates of fatal, non-fatal and total injuries in factories submitting returns during the years 2001 to 2008 are given in Table-6 (i) below:

Table –6 (i)
Number of Fatal, Non-Fatal, Total Injuries and Their Frequency Rate

Year	Fatal Injuries		Non-Fatal Injuries		All Injuries	
	Number	Frequency Rate per one lakh mandays worked	Number	Frequency Rate per one lakh mandays worked	Number	Frequency Rate per one lakh mandays worked
1	2	3	4	5	6	7
2001	627	0.07	27737	3.17	28364	3.24
2002	540	0.13	19913	4.75	20453	4.88
2003	525	0.08	15907	2.42	16432	2.50
2004	562	0.05	14458	1.28	15020	1.33
2005	613	0.05	14163	1.21	14776	1.27
2006	1068	0.08	18844	1.34	19912	1.42
2007	821	0.09	14469	1.64	15290	1.73
2008	478	0.07	5494	0.81	5972	0.88

Note: Based on Annual Returns received from different States/Union Territories.

6.4 Industry-wise and State-wise figures of fatal, non-fatal and total injuries for 2008 have been shown in Table 5.1. Amongst Industries 'Manufacture of Textiles' (Industry Code 17) ranked first with 1722 injuries (both fatal & non-fatal), as it accounted for 28.83 per cent of the total number of injuries.

6.5 The Frequency Rate of injuries (fatal and non-fatal combined together) per one lakh man days worked was the highest in the industry group 'Agriculture ,Hunting and Relative Ser i vices Activities' (Industry Code 01) being 3.74. The Incidence Rate of injuries (fatal and non-fatal combined together) per 1000 workers employed was the highest in this industry group Public Administration and Defence, Compulsory Social Security i.e. Industry Code 75 being 10.41.

6.6 Among the States/Union Territories, Andhra Pradesh reported the highest i.e. 1770 injuries (fatal and non-fatal), which constituted 29.63 per cent of the total number of injuries. Of the total injuries during the year 2008, 8.00 per cent were fatal and rest was non-fatal injuries. The number of accidents in respect of women workers was negligible in comparison to the men workers.

6.7 Cause-wise number of injuries for the year 2008 by States and Industries have been presented in Tables 5.4 and 5.5. Among all the different causes, a cause 'Others' which includes Molten metal & Other hot or corrosive substances, Machinery not moved by mechanical power, Use of hand tools, Struck by falling body, Persons falling, Stepping on/ striking against the objects and Handling goods/ articles etc. (cause codes 121 to 131) accounted for majority of injuries i.e. 3794 which is 80.52 per cent of the total number of injuries reported under 'causes' during the year 2008.

6.8 The average number of man days lost due to non-fatal injuries, frequency rate and severity rate of non-fatal injuries in which workers returned to work during the same year by States and Industries during 2008 have been shown in Table 5.6. The overall average number of mandays lost was 30.47. Among the States/Union Territories, it was reported to be highest in Meghalaya (54.69 mandays) and the lowest in Uttrakhand (11.45 mandays).

6.9 The overall frequency rate of injuries where workers returned to work was 0.77 in the year 2008. It was the highest in Madhya Pradesh i.e 4.89. Among the industry groups, it was the highest in the Industry group of Other Business Activities (Industry Code 74) i.e. 6.91 in the year 2008.

6.10 The overall severity rate of non-fatal injuries was 23.43 in 2008. It was highest in Madhya Pradesh (173.76) during 2008. Among the industry groups, it was highest in the industry group of Other Business Activities (Industry Code 74)i.e. 298.43 in the year 2008.

CHAPTER-7

SAFETY MEASURES

7.1 With the continuous increase in the use of machinery, the arrangements for ensuring safety in factories has assumed immense significance. The Factories Act, 1948 has provided for several measures to ensure safety of the workers. Some of these are: (i) Fencing of machines of all sorts is compulsory, (ii) No person is to be employed in any factory to lift, carry or move any load so heavy as to be likely to cause him injury, (iii) If it appears to the Inspector that any building or part of a building or any part of the ways, machinery or plant in a factory is in a condition that it is dangerous to human life or safety, he may serve on the Manager of the factory an order in writing specifying the measure which in his opinion should be adopted and requiring them to be carried out before a stipulated date.

The important measures taken by different Factory Inspectorates of the respective States /U.Ts. in this direction in the year 2008 are summarized below: -

7.2 ANDHRA PRADESH: The main object of the Department is to educate, advice and guide the managements in adhering to the statutory provisions of the Statute. Technical guidance was given by the Inspectorate to the factory managements for ensuring safe and healthy working conditions and for providing adequate welfare amenities to the workers.

7.3 BIHAR: To ensure the implementation of the safety measures the Chemical Factories and other Factories have been advised to make Safety and Inspector of Factories, Medical Inspector and Chemical Inspector were advised to inspect factories from time to time every month.

7.4 GOA: The Safety Training Centre with safety training facilities, Industrial Hygiene Laboratory and Library etc., was well utilized for practical demonstrations of safety precautions to benefit the trainees. The Inspectorate also carried out the safety promotional activities, which included the training course on Industrial Safety and First Aid for different factory workers and students. During the year, 76 such training programmes were conducted thereby training 2713 persons.

7.5 HARYANA: The Inspectorate Staff ensures the implementation of the safety measures. Violation of these provisions were found generally in units which were equipped with old machines. Sometimes workers did work without safety gadgets as a result of which accidents of serious nature have taken place. The State Industrial Safety Directorate is also conducting various training programmes for the Supervisors to educate, advise and train them for maintaining safety system at work place. The certifying Surgeon of the department continued to visit units regularly to medically examine the workers employed in dangerous operations as per schedule laid down in rule 102 of the Punjab Factories Rules, 1952. In some units which were involved in operations such as emission of dangerous fumes and dust etc., exhaust fans were

provided while in other units other protective equipments were also provided to the workers for full protection. It was generally found that the workers did not wear protective equipment and goggles. The Inspectorate staff continued to take persuasive and legal steps for enforcing the use of desired equipments. Prosecutions for violations of the safety measures laid down in Section 22, 24 to 26, 28 to 35 and 38 were launched in 2421 cases during 2008. No violation was detected regarding employment of young persons on dangerous machines under section 23 and 27.

7.6 JHARKHAND: The State Inspectorate gave great attention to accident prevention. All major factories were encouraged to seek the co-operation of workers by introducing training programme, seminars, exhibitions, lectures, meetings, film shows, poster competition and slogan etc.

7.7 ORISSA: The State Safety Cell of the Directorate have taken promotional activities to inculcate safe habits and to arouse consciousness amongst workers, supervisor and managers of factories in order to improve work safety and work environment. The State Safety Cell supplements the enforcement machinery in this regard. 21 Safety Training programmes were conducted in different areas of the state where 2475 workers and shop-floor level supervisors were benefited from the programmes. Apart from these, safety posters were distributed free of cost for display in different Factories in the state and safety pamphlets & safety hand books were distributed to Workers and Managers for their guidance for safe working and Safety Management.

7.8 TRIPURA: The compliance regarding safety measures was found to be satisfactory except in cases of “ Fencing of Machinery (Section 21) and protection in case of fire (section-38) where prosecution were launched against violation and were convicted with fine. The arrangements were found to be satisfactory in “Striking Gear and device for Cutting Power (Section 24) except for new factories for which remedial measures had been instructed. In Pressure Plant (Section 31) many mini boilers were put in use in many factories for supply of steam above normal atmospheric pressure. Safety valve tests were carried out to ensure safety in the operation. In respect of site appraisal by the Site Appraisal Committee, it was not found satisfactory particularly for factories belonging to Govt. Compliance of provisions under hazardous processes (section 41-A to 41-H) in respect of factories under Private Sector and Public Sector is more or less satisfactory. No safety and occupational health survey was conducted during 2008.

CHAPTER-8

HEALTH

8.1 Information available in the Annual Administrative Reports 2008 of various State Governments and Union Territories on health provisions for factory workers is discussed in the following paragraphs:

8.2 BIHAR: The Medical Inspector and Chemical Inspector are advised to inspect the factories from time to time every month to identify the effect of work environment on the health of workers.

8.3 GOA: Through the Industrial Hygiene Laboratory, medical examination of workers employed in factories was initiated to identify the effect of work environment on the health of workers.

8.4 HARYANA: Due to lack of proper attention given by the managements of small factories, the standard of general cleanliness was not satisfactory. However, in the big industrial units, the conditions were quite satisfactory. Some of the factories have made their own arrangements for disposal of trade-waste and effluents. The other managements were asked to make satisfactory arrangements for disposal of trade waste and effluents before the approval of their factory building plans. However, the State Water Pollution Board was also looking after the proper disposal of trade-waste. The arrangements of exhaust system were provided in the units where dry mixing, pesticides formulating and other operations involving emission of fumes and smokes from various liquids and gases were present. The arrangements of exhaust fans and chimneys were made wherever required. The need for humidification is generally felt in the textile industry dealing in cotton, yarn, staple yarn and cloth making industry. In some of the textile units, the Hygrometers were not properly maintained. The other provisions covering health & sanitation i.e. Ventilation & Temperature, Lighting, Drinking Water, Latrine & Urinals and Spittoons were found to be implemented satisfactorily. The Certifying Surgeon of the department continued to visit units regularly to medically examine the workers employed in dangerous operations as per Schedule laid down in Rule 102 of the Punjab Factories Rules 1952.

8.5 ORISSA: As per the Orissa Factories (Control of Major Accident Hazard) Rules, 2001, 38 hazardous factories were identified as ' Major Accident Hazard Units' on the basis of threshold quantity as specified in the schedule of the said Rules. All such factories are required to draw-up on site emergency plan. Accordingly, all the 38 MAH units have drawn their on-site emergency plan so far. Under the chemical Accidents (Emergency, Planning and Preparedness) Rules, 1966, the District Crisis Groups have been constituted in 22 districts out of 30 districts. 110 hazardous factories have conducted health checkup of workers and 42804 workers were medically examined during the year under report.

8.6 TRIPURA: On the whole, various provisions of the Act covering Health and Sanitation i.e. Cleanliness, Ventilation & Temperature, Dust & Fumes, Artificial humidification, Lighting, Overcrowding, Drinking Water Facilities, Latrines and Urinals, Disposal of Waste and Effluents & Spittoons were found to be implemented satisfactorily in the factories except in a few factories where inadequate ventilation was reported. The position has, however improved after interference of the Investigating officer.

CHAPTER-9

WELFARE

9.1 In order to ensure the welfare of workers, appropriate provisions have been made under Section 42 to 50 of the Factories Act, 1948. Under Section 45, ambulance room is to be provided in the factory wherein more than 500 workers are ordinarily employed. Under Section 46, State Governments are empowered to frame Rules requiring that in every factory, wherein more than two hundred fifty workers are ordinarily employed, a canteen shall be maintained by the occupier for the use of workers. Similarly, Section 47 envisages that every factory, wherein more than one hundred fifty workers are ordinarily employed, adequate and suitable shelters or rest rooms and lunch rooms with the provision of drinking water, where workers can take meals, should be provided and maintained for the use of workers. Section 48 provides that every factory, wherein more than thirty women are ordinarily employed, should provide and maintain a suitable room/creche for the use of children below the age of six years of such women workers. Section 49 provides that the occupier of the factories employing 500 or more workers should appoint such number of welfare officers as may be prescribed under the Act to help the management in proper implementation of labour laws. The information relating to Safety Officers, Ambulance Room, Canteens, Crèches, Shelters, Lunch Rooms and Welfare officers by States/U.Ts. and Industries for the year 2008 has been presented in Table 8.1 and 8.2. Majority of the factories in all the States / U.Ts. even though all of them were not statutorily required to provide Canteen, Creche and Shelter or Rest Rooms etc., provided these facilities.

Information regarding various welfare facilities as furnished by different States and Union Territories in their reports on the working of the Factories Act, 1948 is furnished in the following paragraphs:

9.2 ANDHRA PRADESH: Of the total factories required to provide canteen facility under Section 46 of the Factories Act, 96.20 per cent factories provided this facility to their workers. Similarly, under Section 47 of the Factories Act, of the total factories required to provide shelters, rest rooms and lunch rooms, 93.63 per cent factories have reported providing these facilities, whereas 85.29 per cent of the total factories employing more than 30 women workers and required to provide Crèches under section 48 have complied with the requirement. 126 factories have appointed Welfare Officers as required under Section 49.

9.3 ASSAM: The welfare amenities like canteen, shelters/ rest rooms and crèches etc. were provided by sufficient number of the factories as a statutory requirement.

9.4 BIHAR: All the required 12 Factories have appointed Safety Officers as required under Section 42–B. More than required number of factories have provided Ambulance Room, Canteen and Shelters/Rest Rooms. Only two factory provided crèche although 14 factories were required to provide this facility to women workers.

9.5 GOA: During the year 2008, all the factories required to provide canteen facility under section 46 of the Factories Act, have provided this facility to their workers. Under Section 47 of the Factories Act, shelters, rest rooms and lunch rooms were provided by 100 factories, 164 factories employing more than 500 workers were required to provide Welfare Officers under Section 49. However 10 such factories have provided this.

9.6 HARYANA: Adequate facilities for storing, washing and drying of clothing etc. were not provided by some factories. The Inspectorate Staff continued to take persuasive and legal steps to implement these provisions, which were to be made in the beginning when factory building plans are submitted to the Chief Inspector of Factories for approval. Various welfare provisions such as first aid appliances, Canteens, rest rooms and lunch rooms and crèches etc. have been implemented satisfactorily. However, as regards requirement of providing crèches, due to space constraints, compliance particularly in Gurgaon was not satisfactory.

9.7 JHARKHAND: Seventy four factories have appointed Safety Officers as required under Section 42-B. All the eligible factories provided Ambulance Room and Shelters/Rest rooms. 58 factories provided Canteen although 40 factories were required under Section 46. Forty Two factories appointed Welfare Officers as required under Section 49.

9.8 MEGHALAYA: All the factory required to provide Canteen facility under Section 46 have provided this facility. Three factories have provided Shelter/ Rest rooms and Lunch rooms.

9.9 ORISSA: Out of 49 factories employing more than 30 Women workers 48 have provided crèches during the year 2008. One factory that required to meet provision of crèche has been instructed to comply with the requirement of Section 48 of the Factories Act 1948. 135 and 171 factories were required to provide canteens, and Shelters, Rest rooms/ Lunch rooms. All of them have provide the same.

9.10 RAJASTHAN: All the factories have appointed Safety Officers required under Section 40-B. Ambulance Room was provided by all of the factories wherein more than 500 workers were ordinarily employed. Canteen facility was provided by 67 per cent of the factories which were notified under Section 46. All the 395 factories required to provide Shelters, Rest Rooms/Lunch Rooms under Section 47 have provided this. Out of 25 factories wherein more than 30 women workers were employed, 22 factories have provided crèches as required under Section 48. 93 per cent of the factories which were required to appoint Welfare Officer have made appointment of such officers.

9.11 TRIPURA: Over all compliance in implementing various welfare provisions was satisfactory. Only two factories were required to maintain canteen facility and both the factories met these requirements. Only one factory has provided Shelters/Rest room whereas it was to be provided by 15 factories wherein more than 150 workers were ordinarily employed under Section 47. One factory employing more than 500 workers provided Welfare Officer under Section 49 of the Factories Act. Under Section 46, the provision was applicable to two factories to provide Canteens. These factories met the requirements.

9.12 UTTARAKHAND: The Welfare amenities like Canteen, Shelters/Rest room, Crèches etc. were provided in most of the factories as a statutory requirement while some other units also provided these amenities though not statutory.

CHAPTER 10

INSPECTIONS AND CONVICTIONS

- 10.1 Convention No. 81 (Article 21) of the International Labour Organisation required that information relating to the number of Inspectorate Staff under the Factories Act, 1948 may be collected. Such information for the year 2008 relating to various States/Union Territories have been shown in Table 9.2.
- 10.2 The Factory Inspectorates in various States/Union Territories inspect the factories to ensure that there is no infringement of the provisions of the Factories Act, 1948. Table 9.1 gives information relating to number of factories inspected during the year 2008. Out of 26732 factories inspected, 87.50 per cent factories were inspected only once in the year 2008.
- 10.3 The Inspectorate Staff inquired into complaints lodged by individual workers, trade unions, private persons, etc., regarding infringement of the provisions of the Factories Act, 1948 and took suitable action, wherever necessary.
- 10.4 The number of convictions obtained against the factory management for infringement of various provisions of the Factories Act, 1948 from various States/Union Territories during 2008 is given in Table 9.3. The maximum number of factories i.e. 297 involved in such convictions was reported by Andhra Pradesh followed by Madhya Pradesh where 135 factories were involved in convictions. Out of the total 9715 convictions, 7929 convictions i.e. 81.62 per cent pertained to the offences relating to Employment and Hours of Work.

Table 1.1
Number of Registered Factories, during 2008
(By States/Union Territories)

Sr. No.	State/Union Territory	On register at the beginning of the Year	Newly registered during the year	Removed from the register during the year	On register at the end of the year	Working on any day during the year	Submitting returns	Percentage response
1	2	3	4	5	6	7	8	9
1	Andhra Pradesh	40766	2046	973	41839	30054	9756	32.46
2	Assam	3490	240	7	3723	1946	336	17.27

Note : (i) The Factories Act 1948, is not implemented in four States/Union Territories namely,

Arunachal Pradesh, Lakshadweep, Mizoram and Sikkim.

(ii) Data is not received from rest of the States/Union Territories.

(iii) - = Nil.

(iv) .. = Not available.

(v) A = Fatal Accidents.

(vi) B = Non - Fatal Accidents.

(vii) Totals in table 5.4 may not tally with the corresponding tables 5.1 to 5.3 due to non -availability of data from Haryana, Karnataka & Orissa States and data for Meghalaya State is nil.

a1 Director of Factories.

a2 Director of Factories & Boilers.

b1 Includes 4 Joint Chief Inspector of Factories.

b2 Includes 1 Adl. Director, Industrial Safety & Health. 3 Jt. Director of Factories.

b3 Includes 2 Jt. Director of Factories & Boilers, & 4 Dy. Director Of Factories & Boilers.

c1 Includes Deputy Director of Factories.

c2 Includes 4 Dy. Director of Industrial Safety & Health, 16 Asstt. Director Industrial Safety & Health (Chemical) and 5 Asst. Director Industrial of Safety & Health (Chemical).

c3 Senior Inspector of Factories.

d1 Includes 18 Asstt. Inspector of Factories.

d2 Includes 16 Assistant Directors of Factories & Boilers (I/C of Zones) , 1 Assistant Director of Factories & Boilers (Hqrs) and 1 Assistant Director of Factories & Boilers (Safety).

e1 Includes 1 Dy. Director, Industrial Health , 5 Asstt. Director-cum-Certifying Surgeon Industrial Health.

f1 Welfare Officer (Women).

g1 Statistical Officer.

* = Acting.

99	EXTRA – TERRITORIAL ORGANISATIONS AND BODIES

**NATIONAL INDUSTRIAL CLASSIFICATION (NIC) – 2004
(AT THREE DIGIT LEVEL)**

011	Growing of crops, market gardening, horticulture
012	Farming of animals
013	Growing of crops combined with farming of animals (mixed farming) [This class includes crop growing in combination with farming of animals such as sheep or meat cattle at mixed activity units with specialisation ratio in either one of less than 66 percent (Mixed cropping or mixed livestock units are classified according to their main activity)]
014	Agricultural and animal husbandry service activities, except veterinary activities, [This class includes specialized activities, on a fee or contract basis, mostly performed on the farm.]
015	Hunting, trapping and game propagation including related service activities
020	Forestry, logging and related service activities
050	Fishing, operation of fish hatcheries and fish farms; service activities incidental to fishing
101	Mining and agglomeration of hard coal [Includes under ground or open-cut mining of anthracite, bituminous or other hard coal; cleaning, sizing, pulverizing and other operations to improve the quality; operations to recover hard coal from Culm banks; manufacture of briquettes or other solid fuels consisting chiefly of hard coal and in-situ gasification of coal.]
102	Mining and agglomeration of lignite [Includes under ground or open-cut mining of lignite (brown coal); cleaning, sizing, pulverizing and other operations to improve the quality; and manufacture of briquettes or other solid fuels consisting chiefly of lignite.]
103	Extraction and agglomeration of peat
111	Extraction of crude petroleum and natural gas [including liquefaction/degasifications of natural gas for purposes of transport and the production, at the mining site, of hydrocarbons from oil or gas field gases.]
112	Service activities incidental to oil and gas extraction excluding surveying [This class includes oil and gas field service activities provided on a fee or contract basis, including; directional drilling; “spudding in”; derrick building; repairing and dismantling; cementing oil and gas well casings; pumping wells; and other service activities. Oil and gas field exploration and geo-physical, geological and seismic surveying are classified in class 7421 (Architectural and engineering activities and related technical consultancy)]
120	Mining of uranium and thorium ores (e.g. pitchblende), including concentrating of such ores
131	Mining of iron ores [includes mining of hematite, magnetite, limonite, siderite or taconite etc. which are valued chiefly for iron content. Production of sintered iron ores is also included].
132	Mining of non-ferrous metal ores, except uranium and thorium ores
141	Quarrying of stone, sand and clay
142	Mining and quarrying, n.e.c.
151	Production, processing and preservation of meat, fish, fruit vegetables, oils and fats
152	Manufacture of dairy product [production of raw milk is classified in class 0121]
153	Manufacture of grain mill products, starches and starch products, and prepared animal feeds
154	Manufacture of other food products
155	Manufacture of beverages

160	Manufacture of tobacco products [tobacco related products are also included while preliminary processing of tobacco leaves is classified in class 0111]
171	Spinning, weaving and finishing of textiles.
172	Manufacture of other textiles
173	Manufacture of knitted and crocheted fabrics and articles
181	Manufacture of wearing apparel, except fur apparel [this class includes manufacture of wearing apparel made of material not made in the same unit. Both regular and contract activities are included]
182	Dressing and dyeing of fur; manufacture of articles of fur
191	Tanning and dressing of leather, manufacture of luggage handbags, saddlery & harness
192	Manufacture of footwear
201	Saw milling and planning of wood
202	Manufacture of products of wood, cork, straw and plaiting materials
210	Manufacture of paper and paper product
221	Publishing [This group includes publishing whether or not connected with publishing involves financial, technical, artistic , legal and marketing activities, among other but not predominantly]
222	Printing and service activities related to printing
223	Reproduction of recorded media [This class includes reproduction of records, audio, video and computer tapes from master copies , reproduction of floppy, hard or compact disks, reproduction of non-customised software and film duplicating]
231	Manufacture of coke oven products [This class includes the operation of coke ovens chiefly for the production of coke or semi-coke from hard coal and lignite, retort carbon and residual products such as coal tar or pitch. Agglomeration of coke Distillation of coal tar is classified in class 2411]
232	Manufacture of refined petroleum products
233	Processing of nuclear fuel [includes extraction of uranium metal from pitchblende or other uranium bearing ores; manufacture of alloys, dispersions or mixtures of natural uranium or its compounds; manufacture of enriched uranium and its compounds, plutonium and its compounds; uranium depleted in U 235 and its compounds; other radioactive elements, isotopes or compounds; and , non-irradiated fuel elements for use in nuclear reactors].
241	Manufacture of basic chemicals
242	Manufacture of other chemical products
243	Manufacture of man-made fibers [This class includes manufacture of artificial or synthetic filament and non-filament fibers.]
251	Manufacture of rubber products
252	Manufacture of plastic products
261	Manufacture of glass and glass products
269	Manufacture of non-metallic mineral products n.e.c.
271	Manufacture of basic iron & Steel
272	Manufacture of basic precious and non-ferrous metals
273	Casting of metals [This group includes casting finished or semi-finished products producing a variety of goods, all characteristic of other activity classes]
281	Manufacture of structural metal products, tanks, reservoirs and steam generators
289	Manufacture of other fabricated metal products; metal working service activities
291	Manufacture of general purpose machinery
292	Manufacture of special purpose machinery

293	Manufacture of domestic appliances, n.e.c.
300	Manufacture of office, accounting and computing machinery
311	Manufacture of electric motors, generators and transformers
312	Manufacture of electricity distribution and control apparatus [electrical apparatus for switching or protecting electrical circuits (e.g. switches, fuses, voltage limiters, surge suppressors, junction boxes etc.) for a voltage exceeding 1000 volts; similar apparatus (including relays, sockets etc.) for a voltage not exceeding 1000 volts; boards, panels, consoles, cabinets and other bases equipped with two or more of the above apparatus for electricity control or distribution of electricity including power capacitors.]
313	Manufacture of insulated wire and cable [insulated (including enamelled or anodized) wire, cable (including coaxial cable) and other insulated conductors; insulated strip as is used in large capacity machines or control equipment; and optical fibre cables]
314	Manufacture of accumulators, primary cells and primary batteries
315	Manufacture of electric lamps and lighting equipment
319	Manufacture of other electrical equipment n.e.c.
321	Manufacture of electronic valves and tubes and other electronic components
322	Manufacture of television and radio transmitters and apparatus for line telephony and line telegraphy
323	Manufacture of television and radio receivers, sound or video recording or reproducing apparatus, and associated goods
331	Manufacture of medical appliances and instruments and appliances for measuring, checking, testing, navigating and other purposes except optical instruments.
332	Manufacture of optical instruments and photographic equipment
333	Manufacture of watches and clocks
341	Manufacture of motor vehicles
342	Manufacture of bodies (coach work) for motor vehicles; manufacture of trailers and semi-trailers
343	Manufacture of parts and accessories for motor vehicles and their engines [brakes, gear boxes, axies, road wheels, suspension shock absorbers, radiators, silencers, exhaust pipes, clutches, steering wheels, steering columns and steering boxes and other parts and accessories n.e.c]
351	Building and repair of ships and boats
352	Manufacture of railway and tramway locomotives and rolling stock
353	Manufacture of aircraft and spacecraft
359	Manufacture of transport equipment n.e.c.
361	Manufacture of furniture
369	Manufacturing n.e.c.
371	Recycling of metal waste and scrap
372	Recycling of non-metal waste and scrap
401	Production, collection and distribution of electricity
402	Manufacture of gas, distribution gaseous fuels through mains
403	Steam and hot water supply
410	Collection ,Purification and distribution of water
451	Site preparation
452	Building of complete constructions or parts thereof; civil engineering
453	Building installation [These activities are usually performed at the site of construction , although parts of the job may be carried out in a special shop. Repair of installations are also included in the corresponding sub-classes.]
454	Building completion [Includes activities that contribute to the completion or

	finishing of a construction. Repairs of the same type are also included in the corresponding sub-classes]
455	Renting of construction or demolition equipment with operator [Renting of machinery and equipment without operator is classified under Division 71].
501	Sale of motor vehicles [Includes wholesale and retail sale of new and used passenger motor vehicles and lorries, trailers and semi trailers].
502	Maintenance and repair of motor vehicles [including washing and polishing etc.]
503	Sale of motor vehicle parts and accessories [Includes wholesale and retail sale of all kinds of parts, components, and accessories for motor vehicles, when not combined with sale of such vehicles themselves.]
504	Sale, maintenance and repair of motorcycles and related parts and accessories
505	Retail sale of automotive fuel [includes the activity of petrol filling stations. This activity is often combined with sales of lubricating products, cleaning and all other kinds of products for motor vehicles. If the main object, however, is the sale of automotive fuel or lubricants, they remain classified here.]
511	Wholesale on a fee or contract basis. [Includes commission agents, commodity brokers and auctioneers and all other wholesalers who trade on behalf and on the account of others.]
512	Wholesale of agricultural raw material, live animals, food beverages and tobacco.
513	Wholesale of household goods
514	Wholesale of non-agricultural intermediate products, waste and scrap
515	Wholesale of machinery, equipment and supplies
519	Other wholesale [Includes specialized wholesale not covered in any one of the previous categories and wholesale in a variety of goods without any particular specialization.]
521	Non-specialized retail trade in stores
522	Retail sale of food, beverages and tobacco in specialized stores
523	Other retail trade of new goods in specialized stores
524	Retail sale of second-hand goods in stores [includes the pawn shops].
525	Retail trade not in stores
526	Repair of personal and household goods[Includes repair of personal and household goods when not done in combination with manufacture of wholesale or retail sale of these goods.]
551	Hotels, camping sites and other provision of short-stay accommodation [Restaurant facilities operated in connection with the provision of lodging remain classified in this group also included are the operation of sleeping cars when carried on by separate units.]
552	Restaurants, bars and canteens [Sales through vending machines is classified in Sub-class 52599]
601	Transport via railways [Includes passenger and freight transport by inter-urban railways Also covers related activities such as shunting and switching]
602	Other land transport
603	Transport via pipelines [Includes transport of gases. Liquids, slurry and other commodities via pipelines. Included are the incidental activities like operation of pump stations and maintenance of the pipeline.]
611	Sea and coastal water transport
612	Inland water transport
621	Scheduled air transport
622	Non-scheduled air transport

630	Supporting and auxiliary transport activities; activities of travel agencies
641	Post and courier activities
642	Telecommunications [Production of radio and television programmes, whether or not combined with broadcasting, is classified under class 9213.]
651	Monetary Intermediation [This group includes the obtaining of funds in the form of deposits]
659	Other financial intermediation. [This group includes financial intermediation other than that conducted in monetary institutions.],
660	Insurance and pension funding, except compulsory social security.
671	Activities auxiliary to financial intermediation, except insurance and pension funding [This Group includes activities involved in or closely related to financial inter-mediation other than insurance and pension funding but not themselves involving financial inter-mediation].
672	Activities auxiliary to insurance and pension funding
701	Real estate activities with own or leased property.
702	Real estate activities on a fee or contract basis. [This class includes buying, selling, renting managing and appraising real estate on a fee or contract basis.]
711	Renting of transport equipment
712	Renting of other machinery and equipment
713	Renting of personal and household goods n.e.c. [includes renting of all kinds of personal and household goods, whether the customers are household or industries].
721	Hardware consultancy. [This class includes consultancy on type and configuration of hardware with or without associated software application. (Similar activities carried out by units selling computers are classified in class 3000)].
722	Software consultancy and supply. [This class includes activities in connection with analysis. Design and programming of systems ready to use. This usually involves the analysis of the users' needs and problems, consultancy on the most economic solution and producing the necessary software to realize this solution. Also included is the simple writing of programmes following directives of the user. Specifically these activities involve development , production, supply and documentation of order-made software (Reproduction of non-customized software is classified in class 2230 and the software consultancy provided in conjunction with hardware consultancy is classified in class 7210)]
723	Data processing [this includes the processing or tabulation of all types of data. Provision of such services on (i) an hourly or time-share basis and (ii) management or operation of data processing facilities of others on a time sharing basis ;on a fee or contract basis]
724	Database activities [this includes data base development, data storage and data base availability. This provision of data in a certain order/sequence, accessible to everybody or to limited users and can be sorted on demand (computerised documentation activities provided by libraries and archives are classified in class 9231
725	Maintenance and repair of office, accounting and computing machinery
729	Other computer related activities [for example activities of development of multimedia presentation on account of others, maintenance of websites on account of others etc. (communication through e-mail, internet and data transmission are classified in class 6420)]
731	Research and experimental development on natural sciences and engineering (NSE) [this class includes systematic creative work in the fields

	of research and development in natural sciences, medical sciences, agriculture and engineering & technology]
732	Research and experimental development on social sciences and humanities (SSH) [This class includes systematic creative work in the fields of research and development in social sciences and humanities. (Market research is classified in class 7413)].
741	Legal, accounting, book-keeping and auditing activities; tax consultancy; market research and public opinion polling; business and management consultancy.
742	Architectural, engineering and other technical activities.
743	Advertising. [Printing of advertising material is classified in class 2221. Market research in class 7413, Public relations activities in class 7414, Direct mailing activities in class 7499, Production of commercial messages for radio, television and film are classified in the appropriate class of group 921].
749	Business activities n.e.c.
751	Administration of the State and the economic and social policy of the community
752	Provision of services to the community as a whole
753	Compulsory social security activities. [Includes funding and administration of government provided social security programmes, e.g. old age pension schemes, unemployment insurance schemes etc.].
801	Primary education
802	Secondary/ Senior Secondary Education
803	Higher education [Includes post-secondary/senior secondary sub-degree level education that leads to university degree or equivalent.]
809	Adult and other education
851	Human health activities
852	Veterinary activities [including clinic-pathological and other diagnostic activities pertaining to animals and birds].
853	Social work activities
900	Sewage and refuse disposal, sanitation and similar activities
911	Activities of business , employers and professional organisations
912	Activities of trade unions [Includes activities of associations whose members are mainly employees, including government employees, interested chiefly in the representation of their views concerning their work situation].
919	Activities of other membership organisations
921	Motion picture, radio, television and other entertainment activities
922	News agency activities
923	Library, archives, museums and other cultural activities
924	Sporting and other recreational activities
930	Other service activities
950	Private households with employed persons, [Includes the activities of private households employing all kinds of domestic personnel such as maids, cooks, gardeners, gatekeepers secretaries, governess, baby sitters etc.].
960	Undifferentiated goods-producing activities of private households own use
970	Undifferentiated service-producing activities of private households own use
990	Extra territorial organizations and bodies [Includes the activities of international organisations such as the United Nations and its agencies, regional bodies etc., IMF, World Bank, European Commission, OPEC etc.].

THE FACTORIES ACT, 1948

STATEMENT 1 (REVISED)

Number of registered factories and workers employed

State.....

For the year ending.....

Category of Factories	Number of factories on register at the beginning of the period	Number of factories newly licensed & registered during the period	Number of factories removed from the register during the period	Number of factories on the register at the end of the period	Number of working factories	Number of factories submitting returns	Average daily number of workers employed in the factories submitting returns	Number of factories not submitting returns	Estimated average daily employment in factories not submitting returns	Total average daily number of workers employed in factories submitting returns and not submitting returns (Total of columns 8 & 10)
1	2	3	4	5	6	7	8	9	10	11
Factories as defined under Section 2m(i)										
Factories as defined under Section 2m(ii)										
Factories as notified under Section 85.

Total -All Industries (combining all Sections of Industries) Government and Local Fund Factories.															

*As per National Industries Classification 1998 . Gove Code Number and Name of Industry

**Coverage of 'Public and Private' Sectors.

1. Government and Local Fund Factories (Public Sector)

Establishment in Public Sector means an establishment owned, controlled or managed by

(i) The Government or the Department of the Government;

(ii) A Government Company as defined in Section 617 of the Companies Act, 1956 ;

(iii) A Corporation (including Co-operative Society) established by or under a Central, Provincial or State Act, which is owned controlled or managed by Government ; and

(iv) A Local Authority.

II. Other Factories (Private Sector)

Establishment in Private Sector means an establishment which is not an establishment in Public Sector.

STATEMENT II (REVISED) –concl'd.

1.	2.	3.	4.	5.	6.	7.	8.	9.	10.	11.	12.	13.	14.	15.	Factories not submitting returns		Average daily number of workers employed in factories submitting returns & not submitting returns (Total of columns 9 and 17)
															Number of working factories	Estimated average daily Number of workers employed in such factories
